### **Rice Price - Weekly**

#### **Situation for the Week Ending September 24, 2010**

**Approved By:**

Jeanne Bailey

**Prepared By:**

Quan Tran

**Report Highlights:**

Due to the Vietnam Food Association's Minimum Export Price (MEP), which were \$475 per ton for 5 percent broken rice and \$435 per ton for 25 percent broken rice, no new contracts were concluded this past week. Exporters, as a result, reduced their rice price offers to attract demand.

Local paddy prices remained unchanged over the past two weeks, due to the weak demand from rice exporters.
